Horatio Alger Scholarship recipient announced

May 11, 2011

The Horatio Alger Association of Distinguished Americans Inc. announced it has awarded 79 students with American Electric Power Foundation Horatio Alger Scholarships to help fund their college education this year.

The 2011 AEP Horatio Alger Scholarship area recipient is Sebastian E. Teas, of Zanesville.

The AEP Foundation is supporting state scholarship programs in eight states as part of a three-year initial program. These teens have persevered in overcoming adversity while demonstrating excellence in academics, admirable character and community contributions.

The AEP Horatio Alger scholarship program provides each student with \$5,000 to help pay for a four-year college education at the school of his or her choice.
